To Organize Clinic

Clyde H. Ricker, State Field Nurse of the Maine Baby Saving Society, who has been making a child health survey in Norway, South Paris, West Paris, and Oxford during the past two months, left yesterday, Thursday, for her new field, Bethel, A. J. Torslett, the executive secretary of the Society has been in Norway and vicinity the past three days, planning organization of a district society for establishment and maintenance of a Baby Clinic in each village with a nurse in charge of clinics and also doing work among school children. The clinic would be held at stated intervals in each village with our mothers taking their children (under 6 years of age) for periodic physical examination. The nurse would aid both mother and doctor in making the examination and later the nurse would explain to the mother any instructions given. The plan does not interfere with the relations of any family and their regular physician.

The nurse in her school work would be able to discover any ill conditions in health of pupils and by early discovery and precautions, help to prevent an epidemic closing the school and perhaps involving the whole community. In her work among mothers of small children, Miss Ricker has found and encouraged a goodly sentiment favorable to such an organization as suggested. The doctors and pastors of the several villages also heartily endorse the plan. Mr. Torslett plans to return to complete the organization on November 30.

Class in Home Economics

The women's department of the Farm Bureau held their November meeting at Grange Hall Wednesday at an all day session with 28 members present. Florence Whitcomb, of the Extension service at Orono, was the demonstrator and the forenoon was devoted to the making of supper dishes with a discussion of their wide variety and suggestions. The necessity of correct measurements in cooking and the planning on a variety during the day were among the hints.

At dinner time in addition to baked beans and pastry carried by the members, three dishes were served made by the demonstrator, Macaroni, Italian style; Potato Salad; and Cheese Fondue.

In the afternoon the planning of meals was taken up and many valuable hints were given. Many new recipes were distributed. Chairman of the local Association Edith L. Knightly, called the business meeting and interesting reports were made by several project leaders. Miss Whitcomb gave the scale for the relative value of foods and the tables required for daily diet and the kinds of food to serve, paying special emphasis to the diet of the child. Much of this was new and many notes were taken.

An hour was spent with Christmas suggestions, several members taking small articles and the demonstrator provided a list of attractive suggestions. An all day meeting will be held in December, after Christmas, the date to be announced. This will include the members of the Farm Bureau and the Women of their department. Dinner will be served at noon and County Agent, Raymond Lovejoy will be in charge. Further particulars will be announced. A contest is on between the men and the women on membership. At its close the winners are to be served an oyster supper by the defeated side. The meeting was most interesting and instructive and with the new membership and enthusiasm was an enjoyable day.

Edwin G. Thompson is at Camp McKinley in Stoneham hunting deer. The rehearsal of the O. S. officers will be held Monday evening.

Mrs. Sumner Parker is spending a few days with her son, Ralph Parker in Portland. Norman Parker spent the week end with them before returning to Hampton Roads, Va., where he is stationed at the Naval Base.

Stephen O. Jellerson and Thomas M. Huston of Portland went to Bemis Thursday for a few days' hunting. They were joined Friday by Mrs. Jellerson and Miss Ruth Jellerson. Mrs. Edwin Cummings, at whose camp they will make their headquarters, joined the party Saturday night.

Lewis R. Buswell had two fingers badly injured one day this week while cranking a Ford. His hand was caught between the crank and number plate.

Louis Black has packed his stock of clothing into cases and removed all goods to his home on Lower Main street. It is understood he is looking for a location near some city.

Del Bissonnet was in town Thursday and Friday and attended the Armistice Ball. It is reported he has signed with the Naval Base for next season.

The new regulator to control 2800 volts entering the Oxford Electric Co. station is installed for temporary use until permanent changes are made there. Both villages are getting steady voltage of 118-120.

Mr. and Mrs. Frank Moore who have been with her parents, Mr. and Mrs. Dan B. Goodwin, Pike's Hill, several weeks left Monday with her brother, Clyde and his family, Deering street, for Goodwin's home. Mr. Moore has been at school time. Dunbar Entertainers

The Dunbar Male Quartet and Bell Ringers appeared at Norway Opera House, Wednesday evening before an appreciative audience. Owing to our inconvenient passenger train schedule, the quartet reached the Opera House at 8 o'clock. Within twenty minutes they set their stage, changed into their evening costume and commenced the first bell ringing number.

Without question this team is one of the very few all star musical combinations featuring a variety and novelty program. Although the Swiss bells were considered the strong attraction, their ability as vocalist and soloists on the piano, cello, piano-accompaniment and ukulele will rank a close second to the feature accomplishments. Readings and character sketches were interspersed with the musical numbers giving an evening of pleasure and wholesome entertainment.

These artists appeared as the first group in the Redpath course under the auspices of Henry Stone Post, American Legion. The citizens have responded finely and purchased tickets liberally, but there are many who are unable and sixty to be seen before the Iron Store Company appear on Jan. 5. These can be checked at Stone's for the remainder of the course, and thus avoid any bother when the entertainment dates arrive. John B. Ratto, the world famous impersonator, enjoying character readings in his costume should miss this number. A course ticket will give both entertainments at a ridiculously low price, high class talent considered. Boost the Legion in their endeavors to give the public something worth while.

Officers Elected

The New England Milk Producers Association held its annual meeting Saturday afternoon at the Grange Hall and elected officers for the ensuing year as follows:

President—Grant Abbott.
Delegates—William H. Walker, Delegates—James Abbott, Mr. Walker and Virgil E. Dunn to attend the County Meeting which takes place at South Paris next Saturday at 10 o'clock. There will be a fine speaker who will read with suggestions.

Married Twenty-five Years

Mr. and Mrs. Osman Hill celebrated their 25th wedding anniversary Saturday and were given a surprise party in the evening by the members of the Neighborhood Club, whom Mr. Hill found had taken possession of her home on her return from up-town where she had been with her sister, Mrs. Irving York, which was a part of the scheme, and invited her to give a chance for the merry-making.

The evening passed pleasantly with cards and music. Each one contributed for refreshments and a dainty array was the result.

Mr. and Mrs. Hill were presented with a half dozen knives and forks and a cold meat fork. The surprise was complete.

THE BEST TEST

Is the Test of Time

Years ago Mrs. Mary Gammon of 20 Maple street, Norway, told of good results from using Doan's Kidney Pills. Now Mrs. Gammon confirms the former statement—says there has been no return of the trouble. Can Norway people ask for more convincing testimony?

"I have kept Doan's Kidney Pills in my home for years," says Mrs. Gammon. "I had a dull, heavy ache across the small of my back and often attacks of dizziness came over me. Doan's Kidney Pills which I got at Kimball's Drug Store relieved me of this trouble. I use Doan's Kidney Pills off and on as a kidney tonic and I couldn't wish for anything better to keep my kidneys in a healthy condition." (Statement given June 7, 1916).

On September 4, 1920, Mrs. Gammon said: "I have always a good word for Doan's Kidney Pills since they cured me of kidney trouble. I am pleased to again give my endorsement. I confirm all that I said in my former statement as my cure has been permanent."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Gammon had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

There were twenty-three relatives and friends assembled to wish them joy and prosperity and to partake of the bountiful lunch of cakes, fancy cookies, ice cream, punch, besides a lovely wedding cake cut and served by the bride.

There were many presents of silver, cut glass, table linen, bed spreads and linens from friends and relatives and a black walnut dresser and chiffonier from the groom.

Catarhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by using

HALL'S CATARRH MEDICINE. It is a constitutional remedy. Catarrhal deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed, it has a swelling sound or imperfect hearing, and when it is entirely closed deafness is the result. Unless the inflammation can be removed, the hearing will be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous membrane of the system, thus reducing inflammation and restoring normal conditions.

EAST BROWNFIELD.

Boys' Camp

East Brownfield is coming to the front blow but sure. We are to have a Boy's Camp now. This is being opened up by Whitman and Charlie Stickney and is to be on the shore of Burnt Meadow Pond. There are to be fifty boys this coming season. Wesley Perkins has been coming up the ground for it and would be glad to get a good name for it and would be glad to be used by some of the surrounding boys' camps.

We are to have another factory in town. Edwin Giles is to start in making ax, peave and hammer handles, using the machinery that was in his mill at "Nigger" Corner with some new he has ordered in. It will make an ideal place and of course more work for some one.

Maynard Howe and Marguerite Marston are home for the week end.

"Sport" Howe spent a week at college with Maynard and was so glad to get back he almost ate up the town starting on the deer-skin back of Wes Perkins and making quick work of it. Wonder if they feed them very well at college?

Mrs. Jimmie Wadsworth was in Portland last week. Mr. and Mrs. Cecil Poor spent the week end at Mr. Poor's home in Hiram.

Spring Home

Minerva Pingree stopping at "Pinehurst" called upon Delia Spring whom she had not seen for 40 years. This home of Delia and Samuel Spring was built in 1794. Her father and mother, Mr. and Mrs. William Spring have been dead many years. A cheery fire was burning in an old fashioned fire place around which were gathered relatives from the fact states. Miss Delia emphasized the fact that they were lovers of good dry wood and that it took 40 cord to furnish the eight fires going through the winter.

Miss Delia attended Fryeburg Academy when Rev. Frederick A. Nelson of Andover, Mass. was principal. She recalled attending the wedding of Jennie Bennett to George Colby in Denmark, who were married by Rev. Edwin S. Tingley, who later moved to Medford, Mass. and was at that time preaching in Brownfield and in Denmark.

Arline Corbett was ill the latter part of the week. Ruth Marston is doing table work at Beals Tavern.

Alfred Snow, Donald and Richard Wood were in Fryeburg last week on a hunting trip.

The Mothers' Club will have a dance Saturday night.

Little Daniel Dulles observed his sixth birthday anniversary by giving a party to his little friends, Monday afternoon, after school. Those present were Clarence Tucker, Guy Bryant, Robert Morrison, John Morrison, Ralph Dunham, Winifred Dunham and the little host and his brothers and sisters. The teacher, Ruth Elliott, was also a guest.

Mrs. Cynthia Partridge has been a guest at Clarence Dunham's the past week. Monday was Clarence Tucker's birthday anniversary and to celebrate the occasion, Mrs. Tucker treated the whole school to popcorn, which was an unexpected pleasure to the scholars.

Armistice Day Exercises

Business in town was practically suspended, Friday. The stores, factories and offices closed for the day. Flags displayed and the small boys found pleasure with fire crackers and other noise makers. The American Legion rooms were open for all who wished to gather there.

On the stroke of 11 a. m., the whistles and church bells proclaimed the hour when firing ceased, and the Armistice went into effect in 1918. Half an hour later appropriate services commenced at the Methodist Church in charge of the pastor, Rev. T. C. Chapman, the ministers of the protestant denominations in the village having a part. The church chorus choir with Marian E. Gibson, organist, led the congregational singing.

Daughters of Veterans and the Women's Relief Corps attended in a body, and occupied front seats. Remarks appropriate to the occasion were made by Rev. T. C. Chapman, Rev. O. E. Barnard and Rev. C. G. Miller.

Rev. G. Howard Newton offered prayer. At 12 o'clock taps was sounded by the Legion bugler at their headquarters, and the congregation offered silent prayer for two minutes. The church bell tolled while the body of the unidentified soldier was being laid in its last resting place at Arlington Cemetery at Washington, D. C.

Armistice Day Party

A very pleasant party was the homecoming of the children and grandchildren of Alvin Brown at his beautiful home at Norway Center on Armistice Day, when nineteen of the immediate family gathered to visit and partake of a bountiful chicken pie supper.

The old home was alive with children, merry-makers and music until a late hour, closing a beautiful Peace Day, long to be remembered by Mr. Brown and family.

Those present were Mr. and Mrs. Fred S. Brown and Billie, Mr. and Mrs. U. S. G. Abbott, M. and Mrs. Elton L. Brown, Howard and Paul, Mr. and Mrs. Carl L. Brown, Alice, Mary, Carl, Jr., Viola and little Alvin; Mrs. H. C. Oxnard and Jerry Byerson.

Armistice Ball

More than eighty-four couples danced to the music of Shaw's Orchestra at Norway Opera House, Friday evening and a good number of spectators occupied the balcony. This was the second annual armistice ball under the auspices of Henry Stone Post, American Legion and proved a success in every particular.

Patriotic decorations were conspicuous, with red, white and blue and colored lights in the auditorium forming a brilliant picture. Flags, bunting, and streamers were tastefully arranged about the stage, and Norway's Honor Roll was displayed on one side.

Harold Moore was chairman of the committee to plan and to arrange these decorations. Nearly every member of the Legion and a few volunteers assisted the committee in the work.

The Star Spangled Banner played by the orchestra opened the evening program and dancing followed until a late hour. A prize illumination waltz before intermission proved an interesting event with Mr. and Mrs. Daniel Dulles of Norway Lake winning the box of chocolates.

Twenty-three was the lucky number. The Legion members are pleased with the support of the citizens in this event and appreciate the efforts of all who made this affair possible.

Did you read the Intelligence Column ads? Large variety, see for yourself. Ollie C. Buck and wife of Hebron were in town Monday. Ollie had a talk with the folks at home at North Norway. He has been in Hebron five years and expects by New Year's to be out of debt.

A REASON

Why you should build your
Winter home on a hill.

The Overcoat you buy this year will in all probability be with you this time, next year, also this time in 1923.

If you buy a poor garment now you'll need a good one in January, 1922. So why not do it right in the first place—the difference in the cost between the wheat and the chaff isn't enough to talk about. A good, all wool, shape-retaining Overcoat that will dress you up and wear you well—keep its shape and be in shape for you to wear in 1923 and 1924 and we dare say in 1925 will cost you but a trifle more than one that will be good for only one season.

Now then, if you read this advertisement—which by the way is as true as steel—and then insist on buying a Cheap Coat—then there's nothing more that we can do—is there?

Mrs. McCumber Avoided a Serious Operation by Taking Lydia E. Pinkham's Vegetable Compound in Time

Georgetown, Ill.—"After my first baby was born I suffered so with my left side that I could not walk across the floor unless I was all humped over, holding to my side. I doctored with several doctors but found no relief and they said I would have to have an operation. My mother insisted on my taking Lydia E. Pinkham's Vegetable Compound and I soon found relief. Now I can do all my own work and it is the Vegetable Compound that has saved me from an operation. I cannot praise your medicine too highly and I tell all of my friends and neighbors what the Compound did for me."

Mrs. MARGARET MCCUMBER, 27 S. Frazier St., Georgetown, Illinois. Mrs. McCumber is one of the unnumbered thousands of housewives who struggle to keep about their daily tasks, while suffering from ailments peculiar to women with backache, sideaches, headaches, bearing-down pains and nervousness, and if every such woman should profit by her experience and give Lydia E. Pinkham's Vegetable Compound a trial they would get well.

BETHEL

Improvements at Gould's Academy
A generous gift from William Bingham, one of the proprietors of Bethel has made a new up to date gymnasium possible for this well known fitting school.

Ground was broken in May and a large crew of masons and carpenters have since been steadily employed to complete the structure before cold weather. The gym is 31 feet wide and 81 feet long. The basement contains the central heating plant for the buildings, lockers for the boys and girls, dressing rooms and shower baths. A fully equipped gymnasium, convertible into an auditorium, the directors room and other offices will occupy the ground floor. A running track on the upper floor will be used during the winter months.

As this auditorium is to become the social center for the students, a fully equipped stage will be built for entertainments. Seating capacity is 700. The walls are brick with stucco gables. The Academy building has been undergoing extensive alterations the past season, and old time students will find it hard to believe the new building is any part of the structure built some forty years ago. Among the striking changes is converting the third floor or "sky parlor" into class rooms and a sound proof music room. Prof. Hanscom's office is on the second floor and all recitation rooms have been remodeled and redecorated. The whole is heated by a new steam plant and a complete ventilating system has been installed.

The Goodwin house of former years on High street, later known as the Farewell place was purchased not long ago. This building has been remodeled to meet the needs of the domestic science course. A building for manual training has been erected near this cottage for automobile repairing, carpenter and cabinet work.

Holden Hall, formerly the G. R. Wiley homestead, is over crowded and a movement has been started for another dormitory. If this plan should materialize one building could be used exclusively by the girls and the other devoted to the boys. A general arrangement of the school buildings and campus would favor another home for students boarding in town.

Prof. Frank E. Hanscom who has been principal the past twenty-five years, is seeing the realization of his plans suggested soon after taking charge of this time honored institution. Many substantial gifts have been received during the quarter century, with Dr. and Mrs. J. G. Gehring and their friends among the leaders.

Coolidge & Carlson of Boston were the architects with Mr. Carlson the superintendent charge. Dr. J. G. Gehring, president of the board of trustees, E. G. Park, treasurer and Prof. Hanscom were in charge of the improvements during the summer.

Watch the label on the Advertiser and if nearing time of expiration, send \$1.50 to this office or hand it to the correspondent in your town.

SKILLINGTON

Bert Sanborn came near having a serious accident while sawing wood. The table gave way which caused the saw to catch the stick and it flew, hitting Mr. Sanborn on the jaw, breaking one tooth and bruising his face quite a little.

J. P. Skillington is very much better. Warren Hutchinson is very much better.

Mr. and Mrs. Sherman Hazelton were callers at John Anderson's, Saturday. Rex Robinson and friend came up from Portland with an auto, Saturday.

SONGO ROAD

Violet Upton has gone to Norway to live with her grandparents, Mr. and Mrs. Olin Upton.

Lyman Wheeler has bought a Ford truck and is hauling his produce to Berlin for market.

Ted Baker is at work for his uncle, J. F. Sylvester and yarding pulp wood for Lyman Wheeler from the Hiram Bean lot on Lone mountain.

Carl Upton is busy disposing of his apples that he bought on the trees at the D. A. Cummings place.

Ed McPhee is working for Alfred Morris.

James Edwards has hired out with Edward Lapham for the winter.

Roy Andrews had the misfortune to put a bullet through his foot while out deer hunting last week.

Not many deer shot around here so far this season.

O. F. Upton helped M. E. Cummings load older apples two days last week.

NORTH LOVELL

Amos McKeen, who has been camping at West Stoneham, brought in a big deer, Thursday.

Mrs. Laura McKeen has had a lame foot the past week; it is improving at present.

Elmer Davis has moved his family into the new home he bought this summer. Mrs. Abbie McKeen has been sick with the prevailing cold the past week, but is better now.

Mr. and Mrs. F. L. Harriman and daughter Alice were dinner guests at Percy McKeen's, Sunday.

Mrs. Fannie Andrews and Mrs. Ada Russell and baby Arline visited at George Mills', Saturday.

Melvin Lawler went hunting, Saturday. He was gone about an hour and returned with a nice large doe, one of the finest taken in this locality this season. It was his first deer and he has reason to be proud of it as he is only fourteen years old.

Where is the next boy who can do as well as that?

Eugene Litter shot a large buck deer with ten point antlers, Monday morning. It is such a fine head, he will have it set up.

Mrs. Leland Wilson who has been in the hospital for an operation on her throat, has returned to her home here; the operation was successful and she is hoping to have no more trouble with it. Her brother, Milo McAllister, and wife, kept house for her while she was away.

PARIS HILL

Surprise Party

A very pleasant birthday surprise party was given to George A. Jackson at his home at Jackson Crossing and it was a surprise, too. Twenty-two arrived there together. Those present were Mr. and Mrs. H. P. Hammond, Paris Hill; Mr. and Mrs. Fred Scribner, Mr. and Mrs. Russell Swift and two daughters; George, Boutelle, Mr. and Mrs. Richard Gates, Mr. and Mrs. Raymond Gates and two sons, all of Pleasant Valley; Mr. and Mrs. Jackson, Albert and Eva Jackson, Mrs. Lurvey and Lola. Fine refreshments were served of cider and apples, ice cream, and all kinds of cakes including two birthday cakes.

Stunts were tried and A. M. Andrews had his violin and Mrs. H. P. Hammond presided at the organ; they had lively music and then all joined in singing, so it was a very lively and jolly affair and it was Bert's birthday party, and he is not a boy, but we are hoping he will have many more.

Mrs. Kate Hammond and Susie Hamilton spent the day at Ernest Shaw's, So. Paris, last week.

G. A. Jackson, Mrs. Jessie Andrews, Eva Jackson and Mrs. Vida Lurvey, Eugene Jackson, Angie Scribner and Kate Hammond motored to Lewiston, last week.

Eugene Hammond spent the week end in Portland. Cole is working by the hour at Edward Parris'. Mr. Parris is not well this winter.

DeLon French and Frank Clark have gone up country into the woods.

Mrs. Edwin Daniels had the misfortune to burn her hand badly.

Mr. and Mrs. Lyons and their maid, Susie Hamilton, start for Southern Pines, Tuesday night.

Mrs. Mina Hartford, who has been working for Mrs. J. P. Thompson, started for her home in Denmark, Monday morning.

Mrs. Olive Flint and two children left their summer home Monday and her mother, Mrs. J. P. Thompson, closed the home and she and her son, James Thompson, went to Newton, Mass., Tuesday, where they will all spend the winter. The summer homes are being closed very fast and very few people are left.

Eugene Jackson, who has spent the summer with relatives in town, started for St. Augustine, Fla., Monday, to spend the winter. He has spent two winters there and he says it is the place for him.

EAST WATERFORD

We are glad to learn that Mrs. C. H. Pride, who has been very ill for over a week is improving. Marjorie Pride who spent the week end with her parents returned to Buckfield to finish her school which closes this week.

There was no school Friday, Nov. 11, Armistice Day. Appropriate exercises were given by the children Thursday afternoon, several of the parents and friends being present.

Mr. and Mrs. Harry Hutchins of North Fryeburg came to see her sister, Mrs. Pierce on Sunday bringing with them, Ida Bumpus, who will remain with Mrs. Pride for a while.

We saw by the last Advertiser that our old friends Mr. and Mrs. Edwin N. Anderson of South Paris were migrating to the sunny South. Well friends, here's hoping you will have a happy, comfortable winter and return with the robins and bluebirds in the Spring.

Beryl Allen is working for H. D. McAllister.

Several from out of the place were here Sunday to attend the funeral of George Curtis.

Arthur Allen and wife are receiving congratulations on the birth of a little daughter.

Edith Stone was home over the week end from her school in Poland.

Rena Curtis has finished work in Portland and is staying with her mother a while.

Sherman Billings returned home from Newry where he has been hunting.

Mrs. Ralph Chapman and son Raymond were recent visitors at A. D. Littlehale's.

August K. Kinnunen submitted to an operation for appendicitis at his home Tuesday, November 8. Dr. W. E. Webb of Lewiston was the operating surgeon.

Mrs. L. H. Hazelton has been entertaining her parents, Mr. and Mrs. Woodbridge of Hallowell.

NORTH PARIS

George L. Curtis

The funeral services of George L. Curtis were held at his home, Sunday afternoon at 1 o'clock. Rev. Chester G. Hill of South Paris officiating. Interment was in West Paris Cemetery. The bearers were Fred Beck of Woodstock, Alvin Swift and Horace Starbird of South Paris and Roy Abbott of North Paris, old friends and neighbors of the deceased and chosen by him several years ago. The flowers were many and beautiful, among which were:

Pillow, "Husband"—Mrs. G. L. Curtis.

Wreath 45 pink, with word "Paper"—Children.

Spray of Asters—Mr. and Mrs. Frank Harrison.

Basket of Mixed Flowers—Mr. and Mrs. Charles Curtis and family.

Spray of Dahlias—Mr. and Mrs. Will Bowker and son.

Spray of Pinks—Mrs. D. H. Curtis and Mrs. Will Ridley.

Spray of Mixed Pinks—Mrs. Mary Curtis and daughter.

Spray of Yellow Chrysanthemums—Mr. and Mrs. Ellsworth Curtis and family.

Spray of Mixed Flowers—Mr. and Mrs. H. D. McAllister and family.

Spray of White Chrysanthemums—Mr. and Mrs. Will Cushman and Mr. and Mrs. William Jackson.

Mr. Curtis was born in Woodstock on March 1878, the son of Daniel H. and Cynthia Dunham Curtis. About 19 years ago he married Mary Harriman, also of Woodstock and eleven children have been born to them, all of whom are living except Raymond, who died three weeks ago.

Mr. Curtis and family moved to West Paris about ten years ago, where he has done farming and teaming. He was of a genial disposition, always having fun and frolics with his children, by whom he will be sadly missed. Besides his wife he had seven children, he leaves to mourn their loss one brother, Charles Curtis of West Paris; one sister, Mrs. William Bowker of Portland; several uncles, aunts, nephews and cousins.

Mrs. Curtis and family having passed through so much trouble in the last few months, have the entire sympathy of the neighborhood. Her son, Raymond, who passed away three weeks ago being ill for the past two years at times being confined to his bed suffering intensely, then the middle of May on rising one morning she found Mr. Curtis unconscious and having convulsions from which he rallied in a few hours, but never regained his health. August 19th, her son Richard broke his arm and she took him to Lewiston the next day for an X-ray picture, leaving her sick husband in the care of her father; while gone, their home and almost all their furnishings were destroyed by fire. Kind relatives and friends came to their relief by offering them homes for the present, Mr. and Mrs. Curtis going to the home of Fred Hendrickson in Woodstock and later to W. G. Cushman's, South Paris, where Mr. Curtis continued to fall in health and was taken to the General Hospital in Portland, August 30th, where he passed away November 10th.

George Dunham, uncle of Mr. Curtis, purchased his father's old home here in the village for him, where the family has been living since the fire and where Raymond passed away. October 29th, here the family will remain for the present.

There were many relatives and friends here from South Paris, West Paris and Woodstock to attend the funeral. His sister and family could not come on account of being quarantined with diphtheria, and strange it seemed, his passing away just three weeks to a day later than his little son, did, being the same day of the week, also his wife's birthday.

Beryl Allen is working for H. D. McAllister.

Several from out of the place were here Sunday to attend the funeral of George Curtis.

Arthur Allen and wife are receiving congratulations on the birth of a little daughter.

Edith Stone was home over the week end from her school in Poland.

WELCHVILLE

Services for Mrs. Abbie Ella Brown were held at the Welchville church, Saturday, Rev. Samuel Brown of Raymond, a brother-in-law, officiating. Interment was in the family lot at Raymond.

Mrs. Brown was found dead in her door yard by neighbors, Wednesday evening, about 7.30 o'clock. Not seeing a customer, she went to her door, unlocked the door and found Mrs. Brown and thinking she might be at the home of a neighbor she went there.

Home. Searching the doorway they saw first a waterpail and a little beyond the body of Mrs. Brown covered with snow. Evidently she had started for water and had been bricked on the way, dying instantly. Relatives and her doctor were summoned immediately. The doctor pronounced it heart failure. He had been treating Mrs. Brown for a bad heart trouble.

Mrs. Brown lived alone and seemed very happy. She had been at home for some time. She had spent Wednesday with Mrs. C. J. Davis and Mrs. Ray Hall at Oxford village and returned late in the afternoon. Mrs. Brown was 74 years of age. She was the widow of George Brown and had lived in Welchville and Otisfield. She is survived by one son, Archie Brown, and a grandchild, Mrs. C. M. Hall and Mrs. Frank Baker of Welchville; a brother, C. O. Day of Oxford; and a sister at South Windham.

An auction will be held at North Harrison Saturday, Nov. 19th at the late George Haskell place. D. M. Stuart, auctioneer. See ad.

BATES—WEST PARIS

Has Heavy Crop of Apples

Freeman L. Wyman at his advanced age of 81 years, has had to be overseer and general manager of the large crop of apples which grew on his farm known as Pleasant Valley Farm, situated on Curtis Hill in South Woodstock, and one and a half miles from West Woodstock. On account of the serious illness of his son, Perley M. Wyman, he has had charge of the picking and packing of over 500 barrels of apples this fall and Mrs. Wyman has boarded all the help required for the work. He has had one young man in his employ who could drive the auto, which has helped out the business trips to the village. F. L. Wyman has remarkably good health for one of his age and his very intelligent mind is as clear as ever. He is one of a very few of our Civil War veterans who are left, a constant attendant to the morning services of the Federated Church, is Master of the West Paris Grange and often attends evening affairs in the village.

The piping of water into the M. E. parsonage has been completed and the occupants are delighted with it. It is a real pleasure to the minister's wife to have a whole barrelful to dip from, although she did forget at first and started to dip from a pail as they had done all summer.

A lot of people are still without water caused by the long drought. The early snow has not helped it much.

Rev. and Mrs. H. A. Markley attended the Oxford Association of Unitarians at Auburn.

Rev. R. W. Pierce, D. D., of Chicago, Ill., spoke to the Federated Church last Sunday evening in the interest of the superannuated ministers of the Methodist Churches. He is making a campaign tour of the States in this interest. Mr. Pierce helped in the M. E. Centenary Movement and then he traveled with a Baptist minister in the interest of the New World Movement. He is a very interesting speaker.

Next Sunday, Rev. H. F. Aldrich and Rev. A. Raita are going to exchange pulpits.

Watch the label on the Advertiser and if nearing time of expiration, send \$1.50 to this office or hand it to the correspondent in your town.

BRYANT'S POND

Mr. and Mrs. Harris from Rangely have moved into Mrs. Vestie Crooker's house. Mr. Harris will have work in the pool mill.

Byron Barker spent Armistice day in Portland, returning here Saturday night.

Mrs. Frank Cushman returned from her visit in Massachusetts last week being away most four weeks.

Ben Billings and his party returned from their hunting trip in Washington Co. There were four in the party and three of them each got a deer.

Rev. C. E. Ham of Auburn supplied the Baptist church last Sunday. He comes to supply and not as a candidate.

Thelma Farnum is teaching school in Upton.

The automobiles are still running; you can see all kinds of vehicles on the street.

Arthur Smith of this place reached home last week following a hike of 18 thousand miles covered in 9 months. He visited all the principle national parks and canyons, was in 37 states, being a member of the "Knights of Pythias" and member of the "American Legion."

He made friends and encountered no great hardship. He is only 21 years of age, and from the fact that he has seen many cities in the Old World during the late war, covered 37 states beside Washington, D. C., we gather that he is a youth of unusual courage and much determination, as he has accomplished this without financial help.

SOUTH OTISFIELD.

Gertrude Stearns came from Waterford where she has been stopping. She stopped at Mr. Lord's over night, Saturday night.

Howard Pickett is peddling beef.

Mrs. Clara Sturtevant and her cousin, Mrs. S. A. Ames visited her cousin, Mrs. Martha Brazier.

Howard Ames had his auction Saturday. A bad day for it turned out.

Martha Stearns had the misfortune to break her leg. She is going, Tuesday, to the Maine General Hospital in Lewiston.

Mrs. Martha Brazier is in poor health. May Tenney is sick.
